Hopeful New Perspectives and Possibilities

Awakening the Dreamer, Changing the Dream

A Symposium

exploring the possibilities for
an environmentally sustainable,
socially just,
and spiritually fulfilling
human presence on the Earth.

CREATING A HOPEFUL FUTURE

You are invited to come together with conscious, aware people who care about what's happening in the world, our community and with our families. We'll look at some of the biggest challenges and opportunities we face:

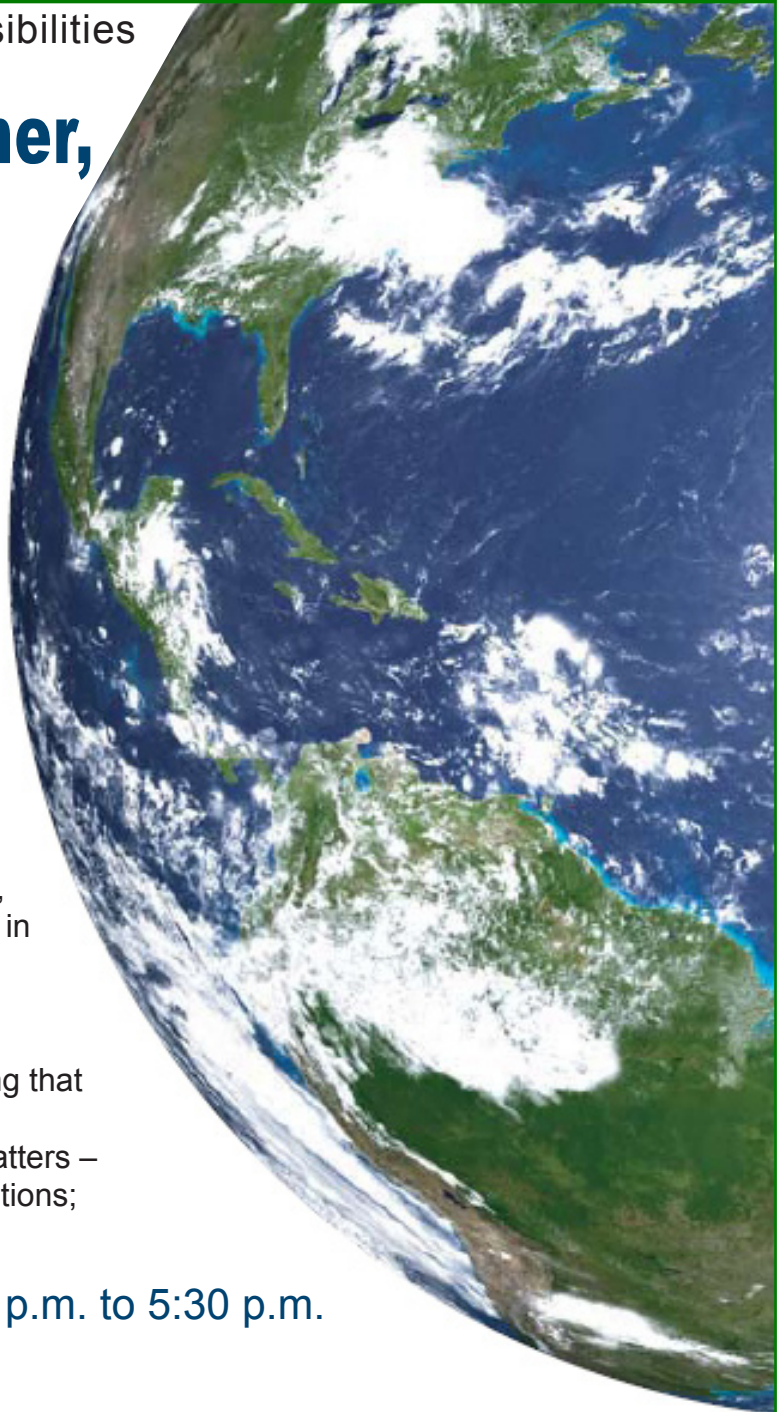

- The state of our industrial world and the thinking that got us where we are today;
- A new dream – new ideas about what really matters – leading to deep connection and surprising solutions;
- Learn how you can be part of what's possible.

Sunday, September 20, 2009 • 1:30 p.m. to 5:30 p.m.
